WAR STORIES.

The special series of articles for the REPUBLICAN this week will be three war stories by George L. Kilmer, one of the best writers of war stories in the country. They will appear as follows:

Friday Jan. 9—"Raiders Foiled at Springfield, Mo." A story of the heroic defense of the town by Union militia, including the quinine brigade, against a superior force of confederates.

Saturday Jan. 10—"First Fight of the Alabama." A graphic account of the first fight and the victory of the Alabama, a confederate gunboat.

Sunday Jan. 12—"Weitzel's Dash on Bayou Teche." A thrilling story of a fight in Louisiana in the campaign preliminary to the attack on Vicksburg.

THAT caucus and banquet of democratic members of the legislature was very exclusive. Only a few were there and they act like they are ashamed of it. And it is no wonder.

UNTIL all the places are filled about the legislature anxious visitors will be numerous. There will be some disappointments because there are more place seekers than there are places.

THE legislature will convene at 10 o'clock tomorrow. After organization of both house and senate there will be a joint session in the house of representatives where Governor Durbin's message will be read.

At the Lincoln League conference at Indianapolis Tuesday it was decided to hold the annual meeting and banquet February 12 and 13 at Indianapolis instead of an Evansville as was at first announced. The meeting a year hence will be at Evansville.

A WELL founded rumor comes from Washington that Congressman Griffith is preparing an anti-trust bill which he will soon introduce. If it is true it is just as well arranged for business in the spring for our Francis Marion is a sight when it comes to "do" things in congress.

In some of our exchanges we observe from time to time notices and accounts of raffles and drawings. Raffles and drawings are after the fashion of a lottery and are therefore contrary to law. Papers containing advertisements of lottery schemes are not mailable and it is the duty of postmasters to hold them up.

OUR state senator is "Jack" Lawler, of Salem. Some of his constituents over this way are a little uneasy about him since they have no information of him. They are fearful lest something has befallen him. The Indianapolis papers have not a word to say about his arrival which means that he has not arrived as he always manages to get his name in the papers.

AT THE present term of commissioners' court Ezra Whitcomb was succeeded as commissioner from the First district by Harmon Hackman. Mr. Whitcomb retires after four years most excellent service. Jackson county never had a better man on the board of commissioners than Ezra Whitcomb. Intelligence and honesty characterized all his official acts. His voice was raised against "jobs" of all kinds. He guarded the interests of the taxpayers all the time and there is no doubt but he saved the people a great deal of money because of his right notions of economy and his strict attention to duty. Mr. Whitcomb retires from office with the confidence and esteem of the people whom he served so well during the three years he was in office.

RAILROAD RUMBLINGS.

N. C. Bennett, trainmaster, was here yesterday afternoon.

H. E. Hennis, of Vincennes, the U. S. Express route agent, was here today on his regular trip looking after the business of the company.

The B. & O. S-W. depot at Vallonia is being moved from the north to the south side of the railroad tracks. It was found that where it was in part on private property and since the company could not come to an agreement with the owner of the land the depot has been moved.

A dispatch from Chillicothe, Ohio, says that the B. & O. S-W. employees in the general offices of the road have been notified that commencing with the new year their salaries would be increased 10 per cent. The clerks in the Master Mechanic's offices are expecting a similar raise. The trainmen are disappointed because they were not included when wages were advanced.

TERMS OF COUNTY OFFICERS.

Bill to do Away With Confusion Prepared by W. L. Taylor.

A bill to equalize the terms of county officers, prepared by former Attorney General William L. Taylor, will be introduced early in the session of the Legislature. The subject is one to which Mr. Taylor has given a great deal of attention. His investigation of the situation in the State has made it apparent to him that nine-tenths of the confusion that results when a new set of officers takes hold of a county's affairs is caused by the fact that one officer will go in on a certain date, another one two or three months later, and perhaps still another, or two or three others, as late as a year afterward. All this, he finds, results in endless annoyance, not only to the county officers themselves, but to the State when it comes time to make returns to the treasurer.

Mr. Taylor's plan is to have all the county officers take their seats the 1st day of January after they are elected. If the bill is passed it will necessitate many of the county officers holding over for some months after their terms would have ended in the old way, but that is not an unsurmountable objection, Mr. Taylor says, and on the other hand no officer will lose a day of service. This question certainly needs adjusting and the legislature should take it up.

Makes Bedstead Expensive.

A reprieve suit of John W. Martin, postmaster at Scottsburg, against James E. and Lydia E. Everitt, was tried in the Jennings Circuit Court last week, on change of venue that was a money loser to both sides. It involved a \$14 bedstead, and the case occupied two days. It was tried in a justice's court last January, when a jury failed to agree. It was tried again in March, when it was decided that the bedstead belonged to Martin.

The Everitts appealed to the Circuit Court, and called a dozen witnesses and three lawyers. The jury gave the bedstead to Martin. The piece of furniture cost Martin about \$75 in attorney's fees, and the Everitts spent \$109.60 in court costs and attorney's fees.

A Prosperous Year.

The Jackson county farmers insurance company is just closing its first years business. The year has been successful in every respect. The company now has in force insurance amounting to \$160,000 and thus far has not met with any losses. This is a home institution for the insurance of farm property and is meeting with gratifying success.

Of Interest in the Kitchen.

Those who exercise supervision over the family board will be interested in the suggestions for the menu appearing in The Delineator for February. Some dainty ways of serving midwinter fruits are described and illustrated and the suggestions in regard to winter vegetables should be appreciated by those who find it difficult to present stored products attractively. Dishes renowned in Scottish history is a feature and offers some choice recipes. An apparently excellent assortment of recipes for cakes and fillings is also included.

Electric Line Rumor.

Rumor has it that Jos. I. Irwin, of Columbus will extend his electric line to French Lick, Indiana, passing through Nashville, Bloomington, Bedford, Mitchell and to French Lick.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Seven Principal Routes.

It is a well known fact that the Chicago, Milwaukee & St. Paul Railway system offers a great many different routes between Chicago and St. Paul and Minneapolis. Its main line between those points is especially well known as the route over which runs the famous "PIONEER LIMITED" and the Government Fast Mail Trains.

There are six or seven other routes over a number of which are run through coaches and sleeping cars, which are almost as direct as the principal main line.

These various routes traverse the most interesting and attractive sections of Illinois, Wisconsin, Iowa and Minnesota, including the celebrated "Lake Region" of Wisconsin, and cross the Wisconsin river at the famous "Dells," where is the most picturesque scenery in the Northwest.

The main line and several others include from 150 to 300 miles of romantic and picturesque scenery along the Mississippi river. On these various lines are located the most important towns and cities in the Northwest.

Both one way and special excursion tickets between Chicago, St. Paul and Minneapolis are honored via any one of these direct lines.

The teachers attending the Educational Convention at Minneapolis will appreciate and take advantage of this fact as they can have a choice of routes going and returning.

The Chicago, Milwaukee & St. Paul Ry.

Many people unacquainted with the geography of the West imagine that because the names "Chicago, Milwaukee and St. Paul" are used in the corporate title of the railway owning the Short Line between Chicago and Omaha, they must go via the cities of Milwaukee and St. Paul to reach their destination—and if it be Omaha or west thereof. This is a mistaken idea. On a map the line running directly east and west would look like this:

Omaha—Chicago

There is nothing more simple than that, and it is less than 500 miles between Chicago and Omaha. Two through trains daily in each direction with the best sleeping car and dining car service, and all regular travelers know and appreciate the merits of the Chicago, Milwaukee & St. Paul Railway's Short Line between the East and the West.

No train in America is more brilliantly lighted than the

Golden State Limited.

Electric lights are everywhere—in the roofs, on the sides of the cars, in the berths. This last feature is worthy of special note, for it not only enables one to undress in comfort, but also, in case one wishes, to read in bed. The berth lights are conveniently placed and can be turned on and off at pleasure.

The Golden State Limited leaves Chicago daily via the El Paso-Rock Island route. Less than three days to Los Angeles. Three cars to Santa Barbara and San Francisco. Compartment and standard sleepers; dining, library, and observation cars. Lowest altitudes of any line across the continent.
